What we have learned

As a new course, this VG100 section provides us with lots of information that will be useful in the future.

Tech

- Git and Redmine usage
- Languages of shell script and Elm
- Working mode, procedure and rules of a team in a real company

Tech Com

- Appealing and creative game narrative stories
- Communication and cooperation with teammates
- Necessary documents needed to present the product(poster, presentation slides, trailer video and instructional booklet)
- Respect for copyright

Interesting Plot
